SOARING BEYOND EXPECTATIONS

Statewide Evaluation Networking Meeting

Thursday, November 30, 2017

Please “sign in” name(s) and affiliation on chat

Jonathan Tunik, Project Director

Lily Corrigan, Project Associate (MI)

Dr. Nina M. Gottlieb, Field Consultant (NMG Evaluation)

Jacob Feinberg, Project Assistant (MI)

Agenda

Topic	Time
Ground Rules	10:00-10:05
Review draft Vision Statement and Session Objectives	10:05-10:10
Data Management Systems	10:10-10:55
Other topics of interest	10:55-11:20
Creation of Advisory Committees	11:20-11:25
Final questions, comments, concerns	11:25-11:30

Ground Rules

- **“Sign in” on chat.**
- **We would like to audio-record the meeting.** Please let us know verbally or by chatting to “Host” if you do NOT want to be recorded. We will only record if all participants agree.
- **We want to try to leave all lines unmuted.**
 - Click on “Raise Hand” when you want to speak, and “Lower Hand” when you’re done.
 - Feel free to turn your webcam on, only when speaking.
 - If we need to mute the group, you can use the “Mute/Unmute” button for yourself as needed.
- **If you need to communicate individually with the hosts, please do so by selecting “Host” in the chat box.**

(DRAFT) Vision for the Evaluators Network:

To establish a culture of collaboration and build partnerships among local evaluators, the Statewide Evaluator, the Resource Centers and the State Education Department, with the objective of supporting and sustaining high quality extended learning programs across New York State.

Session Objectives:

- (1) **Identify** issues that are of interest or concern to local evaluators
- (2) **Explore** relevant topics that are of interest to local evaluators, as well as those that align with State priorities
- (3) **Learn** from experienced evaluators in the Network and share best practices

Discussion Topic:

Data Management Systems

(NYSED moving to an integrated statewide data collection system)

What has your experience been with your existing system?

Considerations: Advantages and challenges for

- Usability
- Accuracy/validation
- Supporting APR reports
- Other reporting
- Supporting the evaluability process
 - Implementation and outcome measures
 - Fidelity measures
 - “all required data necessary for program evaluation purposes”

**Other Concerns or
Topics of Interest?**

Creation of Advisory Committees

**Closing
Questions & Comments**
