### Allowable and Unallowable Costs

This information is taken from the [21<sup>st</sup> CCLC Round 8 RFP](#) and includes items developed over the course of the Round 8 grant.

Allowable and unallowable expenditures include, but are not limited to, the following:

Allowable Costs	Unallowable Costs
Eligible activities (RFP p. 16) Allowable expenditures (RFP p. 19)	Any expenditures that do not contribute to achievement of the goals and objectives of the program
Curriculum materials related to afterschool programming	
	Expenses that would supplant already existing activities and services
Programming staff salary and benefits such as teachers and tutors	Grant writer fees
Staff Professional Development, trainings, and reimbursement of <i>approved</i> travel expenses	Planning expenses prior to the grant’s start date  Food or refreshments for staff meetings
Education programs with an entertainment component  Items that would be considered entertainment but have a programmatic purpose must be reasonable and necessary, and they require authorization by the USDOE or NYSED.	Costs of Entertainment which includes amusement, diversion, and social activities and any associated costs
Rental costs of real property and equipment  Rent is only allowable as a direct service for carrying out a grant’s programming at program sites (RFP p. 25).	Capital expenses (a building or land for a building)
Youth Development contractors or Parent/Family Engagement speakers	 <p><i>Space for drawing!</i></p>
Program evaluation (RFP p. 13)	
Between 6-8%  Evaluation can be up to 10% if the evaluator is also the data manager.	
Supplies and Computing devices, including computers/printer, pertaining to academic and enrichment activities	Supplies for fundraisers

Allowable Costs	Unallowable Costs
<p><i>Space for drawing!</i></p>	<p>Incentives of any kind</p> <p>Incentives may include, but are not limited to, participation t-shirts, tickets to movies or shows, gift certificates, trophies, ribbons, medals, food items, field trips offered only to students achieving at a particular level (e.g., perfect attendance or high honors trips), or any gift intended to increase participation in the 21<sup>st</sup> CCLC program.</p> <p>These items should not be charged to grants because they are not reasonable and necessary for the proper administration of the grant. In addition, the State Comptroller has determined that “favors” represent gifts of public funds which are unallowable under the State Constitution.</p>
<p>Nutritional education programs</p> <p>Items for cooking classes, field trips, and special events must be reasonable and necessary, and they require NYSED approval.</p>	<p>Daily nutritional services for participants (RFP p. 19)</p>
<p>Transportation Costs (i.e. driver salary and benefits, transportation vouchers, student bus passes)</p>	<p>Purchase of vehicles or facilities</p>
<p>LEAs and Not-for-profits may include indirect costs (RFP p. 24)</p>	<p>Indirect Costs not pre-approved for an indirect cost rate by federal or state government agency</p>
<p>Equipment purchases for instructional purposes (refer to local threshold)</p>	<p>Major remodeling or new construction</p>

***What is allowable?***

Costs, activities, and items which are:

- Reasonable and necessary to meet the goals and objectives of the grant.
- Permitted within general federal regulations.
- Permitted within 21<sup>st</sup> CCLC RFP terms.
- Permitted within the policies and procedures of the Lead Agency/District.
- Incurred during the approved budget period.

***How do I know if something is allowable?***

Ask! Email [EMSC21stCCLC@nysed.gov](mailto:EMSC21stCCLC@nysed.gov) to inquire.

***What if the cost is allowable through Federal requirements, but not State requirements?***

It is possible for the State and/or Lead Agency/District to put additional requirements on a specific item of cost. Under such circumstances, the stricter requirement must be met for a cost to be allowable.
